

# Membrane elements as accessories for reverse osmosis units

We offer you high-quality and durable PWG membrane elements to match our systems.

## BENEFITS

- Every membrane brand is tested by us in our in-house technical centre before being used in our plants to provide you with the best quality
- Available from stock

## APPLICATIONS

- For RO units
- Tested quality for a long service life

PWG membrane elements

# Membrane elements as accessories for reverse osmosis units

## CONDITIONS OF USE

Permeate flow rate can vary +/- 20 %

## TECHNICAL DATA OF SERIES

Product name	Description	Permeate flow rate m <sup>3</sup> /day	Desalination rate % nominally	Item number
<b>2540 ND</b>	Low-pressure element	3.3	99.1	395 142
<b>4040 BW</b>	Brackish water element	8.7	99.5	395 144
<b>4021 HF</b>	Low-pressure element	5.5	99.0	395 229
<b>4040 ND</b>	Low-pressure element	9.8	99.3	395 146
<b>4040 HR</b>	Low-pressure element	7.2	99.6	395 147
<b>4040 ES</b>	Low-pressure element	9.8	99.2	395 149
<b>8040 ND</b>	Low-pressure element	45.4	99.3	395 151
<b>8040 HR</b>	Low-pressure element	34.1	99.6	395 152
<b>8040 ES</b>	Low-pressure element	45.4	99.2	395 154
